2. Academic Integrity and AI Usage Standards

- **Prohibited Traffic:** Peer-to-peer (P2P) file sharing, cryptocurrency mining, and torrent clients are strictly blocked at gateway level.
- **Device Cap:** A maximum of three personal devices (e.g., laptop, smartphone, tablet) may be bound to a single student network login.
- **Credential Security:** Sharing campus credentials or proxy configurations with non-affiliates is a Level 2 violation.
